

Hospice Films

Welcome to a selection of films about Willowbrook Hospice. Below you will find a link to many of the different films we have about the work we do at the hospice. We hope you find them helpful and informative.

[Clinical](#)

A selection of films about the care provided by the Hospice. Many patients and carers are anxious about coming to a hospice. These films give an insight into what the hospice is really like.

[Fundraising](#)

It costs 2m year to run the Hospice. We are part funded by the NHS who make a modest contribution of approximately a third towards our running costs, which means that we have to rely on generous donations from the public and our own fundraising efforts to raise the other two thirds. Here you'll find films about fundraising at Willowbrook Hospice.

[Education](#)

A selection of films aimed at Healthcare professionals to give them a broader insight into the work of the Hospice
