

Carer Support

Care and support for patients, family and carers is of the utmost importance to us at Willowbrook Hospice.

Family and carers are welcome to accompany their loved one when they first attend Day Therapy.

Family and carers are encouraged to take an active part in the patients care. We will try and provide as much information as we can to enable them to make informed choices where ever possible.

The Day Therapy Team are always pleased to be at hand to discuss a patients progress, and provide help and support when needed.
