

Santa's Mailbox

Put a smile on a special child's face this Christmas with a letter from Santa.

Have you got a special child in your life?

Want to tell them just how special?

Santa is ready and waiting to write a letter to your little one to tell them just how special they are. See your child's face light up when they receive their very own letter from the man himself.

Yes, we know Santa lives in Lapland but getting in touch with him couldn't be easier; simply download and complete this form and return it to his little helpers. Santa will personally reply to all letters he receives.
