

## **Busibodies**

### **Over 30 years of experience for our fundraising ladies.**

Approximately 30 years ago Busibodies was born. We were originally an offshoot from a Rugby Club Ladies Section. Our members live in different parts of the area and come together once a month.

Our motto is having fun while raising money. We have, over the years, supported many different causes, such as Zoe's Place and children's hospital wards.

However, lately we have concentrated on Willowbrook Hospice, and have raised money just for that. Our members have come and gone over the years, but we still have some of the original crew.

We organise a variety of events from coffee mornings to raffle and tea parties. No matter what we do we enjoy it and the money we raise is going to a good cause.
